APPOINTMENT AND REVOCATION OF PROXIES

The individuals named in the accompanying Form of Proxy are directors and/or officers of the Corporation. A shareholder wishing to appoint some other person (who need not be a shareholder) to represent him or her at the meeting has the right to do so, either by inserting such person's name in the blank space provided in the Form of Proxy and striking out the two printed names or by completing another Form of Proxy. A proxy shall not be valid unless the completed, dated and signed Form of Proxy is received by Computershare Investor Services Inc., Proxy Department, 100 University Avenue, 9th Floor, Toronto, Ontario, M5J 2Y1, not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting or any adjournment thereof, or is delivered to the Chair of the Meeting before the time of voting.

A Shareholder who has given a proxy may revoke it by an instrument in writing executed by the Shareholder or by his or her attorney authorized in writing or, where the Shareholder is a corporation, by a duly authorized officer or attorney of the corporation, and delivered either to the offices of the Corporation, 771 Vanalman Avenue, Victoria, British Columbia, V8Z 3B8, at any time up to and including the last business day preceding the day of the Meeting, or if adjourned, any reconvening thereof, or to the Chair of the Meeting on the day of the Meeting or, if adjourned, any reconvening thereof or in any other manner provided by law. A revocation of a proxy does not affect any matter on which a vote has been taken prior to the revocation.

INFORMATION FOR NON-REGISTERED (BENEFICIAL) OWNERS OF SHARES

These meeting materials are being sent to both registered and non-registered shareholders of the Corporation. If you are a non-registered shareholder and the Corporation, or its agent, has sent these materials directly to you, your name, address, and information about your holdings of securities have been obtained in accordance with applicable securities regulatory requirements from the intermediary/broker holding on your behalf.

Shareholders whose Shares are not registered in their own name are referred to in this Information Circular as "Beneficial Shareholders". There are two kinds of Beneficial Shareholders: those who have objected to their name being made known to the Corporation (called "OBOs" for **Objecting Beneficial Owners**) and those who have not objected (called "NOBOs" for **Non-Objecting Beneficial Owners**).

The Corporation can request and obtain a list of their NOBOs from intermediaries via its transfer agent and can use this NOBO list for distribution of proxy-related materials directly to NOBOs. The Corporation has decided to directly send proxy-related materials to its NOBOs. As a result, NOBOs can expect to receive a voting instruction form from the Corporation's transfer agent, Computershare Investor Services Inc. These voting instruction forms are to be completed and returned to the transfer agent in the postage paid envelope provided or by facsimile. Alternatively, NOBOs can call a toll-free number or access the transfer agent's dedicated voting website (each as noted on the voting instruction form) to deliver their voting instructions and vote the Shares held by them. The transfer agent shall tabulate the results of the voting instruction forms received from NOBOs and shall provide appropriate instructions at the Meeting with respect to the Shares represented by voting instruction forms they receive. By choosing to send these materials to you directly, the Corporation (and not the intermediary/broker holding on your behalf) has assumed responsibility for (i) delivering these materials to you, and (ii) executing your proper voting instructions. Please return your instructions as specified in the request for voting instructions. NOBOs that wish to attend the Meeting and vote in person (or appoint someone else to attend the Meeting and vote on such NOBOs' behalf) can appoint themselves (or someone else) as a proxyholder by following the applicable instructions on the voting instruction form.

With respect to OBOs, the Corporation intends to pay intermediaries/brokers to deliver to OBOs meeting materials for the Meeting. Applicable regulatory policy requires intermediaries/brokers to whom meeting materials have been sent to seek voting instructions from OBOs in advance of Shareholders' meetings. Every intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by OBOs in order to ensure that their Shares are voted at the Meeting. Often, the Form of Proxy supplied to an OBO by its broker is identical to that provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the OBO. The majority of brokers now delegate responsibility for obtaining instructions from clients to Broadridge Financial Solutions, Inc. ("Broadridge"). Broadridge typically prepares a special voting instruction form, mails those forms to the OBOs and asks for appropriate instructions respecting the voting of Shares to be represented at the Meeting. OBOs are requested to complete and return the voting instruction form to Broadridge by mail or facsimile. Alternatively, OBOs can call a toll-free telephone number or access Broadridge's dedicated voting website (each as noted on the voting instruction form) to deliver their voting instructions and vote the Shares held by them. Broadridge then tabulates the results of all voting instructions received and provides appropriate instructions respecting the voting of Shares to be represented at the Meeting. The voting instruction form must be returned as directed by Broadridge well in advance of the Meeting in order to have the Shares voted. OBOs who receive a form of proxy or voting materials from organizations other than Broadridge should complete and return such form of proxy or voting materials in accordance with the instructions on such materials in order to properly vote their Shares at the Meeting. OBOs that wish to attend the Meeting and vote in person (or appoint someone else to attend the Meeting and vote on such OBOs' behalf) can appoint themselves (or someone else) as proxyholder by following the applicable voting instructions.

Beneficial Shareholders are not entitled, as such, to vote at the Meeting in person or to deliver a Form of Proxy. If you are a Beneficial Shareholder and wish to appoint yourself as proxyholder to vote in person at the Meeting or appoint someone else to attend the Meeting and vote on your behalf, please see the voting instructions you received or contact your intermediary/broker well in advance of the Meeting to determine how you can do so.

Beneficial Shareholders should carefully follow the voting instructions they receive, including those on how and when voting instructions are to be provided, in order to have their Shares voted at the Meeting.

NOTICE AND ACCESS

The Corporation is not sending proxy-related materials to registered Shareholders or Beneficial Shareholders using the "notice-and-access" provisions of National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer* or National Instrument 51-102 – *Continuous Disclosure Obligations*.

EXERCISE OF DISCRETION

The management representatives designated in the enclosed Form of Proxy shall vote or withhold from voting the Shares in respect of which they are appointed proxy on any ballot that may be called for in accordance with the instructions of the Shareholder as indicated on the Form of Proxy and, if the Shareholder specifies a choice with respect to any matter to be acted upon, the Shares shall be voted accordingly. Where no choice is specified in the Form of Proxy, such Shares shall be voted "for" the matters described therein and in this Information Circular.

The enclosed Form of Proxy, when properly completed and delivered and not revoked, confers discretionary authority upon the person appointed proxy thereunder to vote with respect to amendments or variations of matters identified in the Notice of Meeting, and with respect to other matters which may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting or any further or other business is properly brought before the Meeting, it is the intention of the management representatives designated in the enclosed Form of Proxy to vote in accordance with their best judgement on such matters or business. At the date of this Information Circular, the management of the Corporation knows of no such amendment, variation or other matter that may be presented to the Meeting.

APPROVAL OF RESOLUTIONS

Unless otherwise specified, a simple majority of affirmative votes cast at the Meeting is required to pass the resolutions described herein. If there are more nominees for election as directors or appointment as the Corporation's auditor than there are vacancies to fill, those nominees receiving the greatest number of votes shall be elected or appointed, as the case may be, until all such vacancies have been filled. If the number of nominees for election or appointment is equal to the number of vacancies to be filled, all such nominees shall be declared elected or appointed by acclamation.

Majority Voting Policy

The Board of Directors have adopted a policy (the “Majority Voting Policy”) providing for majority voting in director elections at any meeting where an “uncontested election” of directors is held. An “uncontested election” is an election where the number of nominees for election as directors is equal to the number of directors to be elected.

Pursuant to the Majority Voting Policy, the forms of proxy circulated in connection with a meeting of Shareholders at which an election of directors is conducted shall provide Shareholders with the ability to vote in favour of, or to withhold from voting for, each director nominee. If the number of proxy votes withheld for a particular director nominee is greater than the votes in favour of that nominee, the director nominee is required to submit his or her resignation to the Chair of the Board of Directors. Following receipt of a resignation, the Corporate Governance and Compensation Committee shall consider whether to accept the offer of resignation and recommend to the Board of Directors whether or not to accept it. Within 90 days following the applicable meeting of Shareholders, the Board of Directors is required to decide whether to accept the offer of resignation and to publicly disclose its decision, or not. If a resignation is accepted, the Board of Directors may, in accordance with the Corporation’s bylaws and the *Canada Business Corporations Act*, appoint a new director to fill the vacancy created by the resignation, reduce the size of the Board of Directors, leave the vacancy open, call a special meeting to fill the vacancy, or any combination of the foregoing. In the event that any director who received a greater number of proxy votes withheld than votes in favour of such director’s election does not tender his or her resignation in accordance with the Majority Voting Policy, he or she shall not be nominated by the Board of Directors.

The Corporate Governance and Compensation Committee's mandate provides that it is responsible for:

- reviewing management's recommendations on the Corporation's compensation policies such as salary ranges, retirement plans, annual incentive bonuses and long-term incentive plans, including equity-based compensation programs and recommend to the Board of Directors;
- reviewing and approving corporate goals and performance objectives relevant to the Chief Executive Officer of the Corporation and evaluating performance of the Chief Executive Officer relative to these corporate goals and objectives;
- recommending to the Board of Directors the base salary, cash incentive bonus, equity-based incentive awards and other compensation for the Chief Executive Officer of the Corporation based on the evaluation of the corporate goals and objectives relating to the Chief Executive Officer;

Named Executive Officers ("NEOs")

The five NEOs who are the focus of the Compensation Discussion and Analysis for fiscal 2018 are:

- Sumit Kumar, President and Chief Executive Officer
- John Hanna, Chief Financial Officer
- Clay McCreery, Chief Revenue Officer
- Dan Gledhill, Vice President, Sales
- Osamu Nakamura, President, Concurrent Content Solutions Corporation ("CCSC")

Compensation Program Objectives

The Corporation's compensation program for NEOs is designed to:

- attract and retain quality executives;
- motivate executive officers to deliver strong business performance;

- align the interests of executives with those of the Corporation's Shareholders; and
- be simple to communicate and administer.

Elements of Compensation Program

The compensation of the Corporation's NEOs consists of the following elements:

- base salary;
- annual cash incentives;
- equity-based long-term incentives;
- contributions to a group registered retirement savings plan ("RRSP");
- benefits and perquisites; and
- termination and change of control arrangements.

Base Salary

The Corporate Governance and Compensation Committee believe that competitive base salaries are important in attracting and retaining quality executives and simple to communicate and administer. Base salaries are intended to remunerate NEOs for fulfilling the basic requirements of their position. Base salaries are based upon individual responsibility, expertise, market competitiveness, experience and contractual commitments.

The salary for the Chief Executive Officer is reviewed and recommended annually by the Corporate Governance and Compensation Committee and approved annually by the Board of Directors. The salaries of the remaining NEOs are determined annually by the Chief Executive Officer, in consultation with the Corporate Governance and Compensation Committee. For fiscal 2018, the base salaries of the NEOs were adjusted for the cost of living by between 1.5 – 2.0%.

Annual Cash Incentives

The Corporation provides the NEOs with annual cash incentives. The Corporate Governance and Compensation Committee believe that annual incentives are important in attracting and retaining talented executives and motivating executive officers to deliver strong business performance. Annual cash incentives are intended to link a portion of the NEOs' compensation to the Corporation's performance.

The annual cash incentive targets and eligible bonuses for the Chief Executive Officer are recommended by the Corporate Governance and Compensation Committee and approved by the Board of Directors annually. The Chief Executive Officer determines the annual cash incentive targets and eligible bonuses for the other NEOs annually, in consultation with the Corporate Governance and Compensation Committee.

The performance measures for the Chief Executive Officer that were used to determine the annual cash incentive for fiscal 2017 and the rationale for utilizing those performance measures are:

Performance Measures	Rationale
1. Revenue	Maintain and grow revenue
2. Adjusted EBITDA after deferred development costs	Key indicator of ability to generate cash flow
3. New Initiatives: Product Launches and Early Sales	Supports revenue growth
4. Mergers & Acquisitions	Growth

Actual fiscal 2018 performance against the established performance measures is summarized in the table below:

CEO - Annual Cash Incentive				
		Performance Target ⁽¹⁾	Amount as % of Base Salary	% Bonus Calculated
1.	Revenue	\$54M - \$77M	0% - 16.8%	3.0%
2.	Adjusted EBITDA after deferred development costs	\$7.4M - \$21.1M	0% - 14%	3.3%
3.	New Initiatives: Product Launches and Early Sales	Subject to segments and targets	0% - 9.8%	3.7%
4.	Mergers & Acquisitions	As determined by the Board	2.8%	2.8%
TOTAL				12.7%

NOTES:

⁽¹⁾ Performance targets did not include the operating results of Content Delivery and Storage, which was acquired during the year.

Fiscal 2018 cash incentives that could have been earned by the Chief Executive Officer ranged from zero to 56% of base salary based on the four performance measures above. The Chief Executive Officer was awarded a cash bonus based on achievement of performance measures equal to 12.7% of base salary (\$34,897).

Annual cash incentives for the CFO were based on the four performance measures above. The other NEO's annual cash incentives were based on revenue targets. The Corporation made cash incentive payments totaling \$663,778 to the other NEOs for fiscal 2018.

The Corporate Governance and Compensation Committee and the Chief Executive Officer, as applicable, can, subject to approval of the Board of Directors, exercise discretion to amend annual cash incentives absent attainment of performance goals, or to reduce or increase the size of any amount or payout. The Corporate Governance and Compensation Committee and the Chief Executive Officer as applicable, can, subject to approval of the Board of Directors, also exercise discretion to grant additional annual cash incentives to the NEOs based on such factors that the committee and the Chief Executive Officer, respectively, determines relevant. All annual cash incentives were paid subsequent to year-end.

Equity-based Long-term Incentives

The Corporation provides NEOs equity-based long-term incentive compensation through its Stock Option Plan. The Corporate Governance and Compensation Committee believes that equity-based long-term incentives are important in attracting and retaining quality executives, motivating executive officers to deliver strong business performance, and aligning the interests of executives with those of the Corporation's shareholders. Previous grants may be taken into consideration when considering new grants.

Details of the Stock Option Plan are described in this Information Circular under the heading "Securities Authorized for Issuance under Equity Compensation Plans."

Registered Retirement Savings Plan

The Corporation provides the NEOs, on the same basis as other employees of the Corporation, with contributions to a group RRSP or 401K as applicable. The Corporate Governance and Compensation Committee believes that the group RRSP is important in attracting and retaining quality executives and is simple to communicate and administer.

The Corporation contributes an amount equal to 5% of the NEO's base salary to a pool of which a minimum of 3% must be used for the group RRSP. The other 2% either can go into the group RRSP or can be used to fund the NEO's share of employee benefits costs. Should an NEO wish to place all their credits and waive their employee benefits, they could

contribute all of their credits towards their DPSP in one year. The NEO can also make additional voluntary contributions to the group RRSP, for total combined contributions up to the legislated government maximums. The group RRSP account is self-directed, with each participating NEO able to choose from among the investment options offered by the administrator of the group RRSP. NEOs are eligible to participate in the group RRSP from the date of hire. Employer contributions to the group RRSP are subject to immediate vesting.

For NEOs residing in the US, the Corporation contributes 4% of base salary to a 401K plan. The NEO can also make additional voluntary contributions to the 401K, for total combined contributions up to the legislated government maximums. NEOs are eligible to participate in the 401K from the date of their one-year anniversary.

Benefits and Perquisites

The Corporate Governance and Compensation Committee does not believe that benefits and perquisites should represent a significant portion of the compensation package for NEOs. Accordingly, no material benefits or perquisites are currently provided to the NEOs that are not available to other employees of the Corporation.

Benefits and perquisites presently extended to NEOs include health, long-term disability, dental and group life insurance. In addition, the Corporation contributes an amount equal to 5% of a NEO's base salary (over and above regular salary) to a pool that the NEO can use to pay for the NEO's share of the cost of health benefits. A minimum of 3% must be used for a group RRSP (see "Registered Retirement Savings Plan" above). The other 2% either can go into the group RRSP, or be used to fund the employee's share of the cost of health benefits.

Termination and Change of Control Arrangements

The Corporate Governance and Compensation Committee believe that termination and change of control benefits may be necessary in order to attract and retain quality executives. Termination benefits are appropriate, particularly with respect to a termination without cause since in that scenario, both the Corporation and the NEOs have mutually agreed upon termination packages that are in place prior to any termination event that provides the flexibility to make changes in executive management if such change is in the Corporation's best interests. Termination and change of control benefits were negotiated and set with regard to comparable benefits granted to executives with similar positions in other similar companies, the experience level of the individual, the complexity of the position and other relevant market factors. For more information on severance and change in control arrangements for the NEOs, see "Employment Agreements and Termination and Change of Control Benefits" below.

Compensation Consultant

The Corporation has not retained a compensation consultant or advisor to assist in determining compensation for any directors or executive officers at any time since the Corporation's most recently completed fiscal year, nor has it paid any fees to such a compensation consultant or advisor during the two most recently completed fiscal years of the Corporation.

Benchmarking

No formal benchmarking was used in determining any element of the compensation of the NEOs. The Corporation periodically undertakes informal benchmarking against other North American small cap technology companies.

Risks Associated with the Corporation's Compensation Policies and Practices

The Corporate Governance and Compensation Committee is responsible for overseeing, and has periodically considered, risks associated with the Corporation's compensation policies and practices. The practices the Corporation uses to identify and mitigate compensation policies and practices that could encourage a NEO or individuals at a principal business unit or division to take inappropriate risks or excessive risks include regular monitoring of the business and requiring approval by the Board of Directors of all major corporate decisions. The Corporation has not identified any risks arising from the Corporation's compensation policies and practices that are reasonably likely to have a material adverse effect on the Corporation.

Recovery of Compensation

The Corporation has not developed a policy regarding the adjustment or recovery of awards, earnings, payments or payables if the performance goal or similar condition on which they are based is restated or adjusted to reduce the award, earnings, payments or payables.

Financial Instruments

The Corporation has adopted a policy to prohibit NEOs and directors from purchasing financial instruments that are designed to hedge or offset any decrease in the market value of the Corporation's equity securities that are held, directly or indirectly, by the NEO or director.

Significant Changes to Compensation Policies and Practices in Fiscal 2018

Except as described in this Information Circular, there were no material actions, decisions or policies that were made after June 30, 2018, the end of the Corporation's most recently completed fiscal year, that could affect a person's understanding of the NEOs' compensation for the most recently completed financial year.

The Corporation is not planning to make any significant changes to its compensation policies and practices in fiscal 2019.

EMPLOYMENT AGREEMENTS AND TERMINATION AND CHANGE OF CONTROL BENEFITS

Sumit Kumar entered into a renewed employment contract with the Corporation effective August 1, 2018 for an indefinite term. The Corporation may terminate Mr. Kumar's employment without cause either by providing him with 24 months' working notice, or by giving him immediate notice of termination, continuing to pay his salary for 24 months, and paying him an amount equal to double the amount of his last aggregate annual bonus. The agreement also provides for non-competition covenants in the Corporation's favour for a period of 18 months following the termination of employment. In the event of a change of control of the Corporation, Mr. Kumar may treat the event as a notice of termination without cause. For the purposes of Mr. Kumar's contract, a "Change of Control" means a change in ownership representing 50% or more of the equity ownership of the Corporation to a new party except for changes in ownership resulting from new shares offered on a recognized stock exchange and except for changes in ownership resulting from a transaction that takes the Corporation private where the current majority shareholder retains ownership and control. If Sumit Kumar were involuntarily terminated by the Corporation without cause or resigns with good reason after a change in control of the corporation, his cash payment would be \$619,794 based on the termination occurring on June 30, 2018.

John Hanna has an employment agreement that allows the Corporation to terminate his employment without cause at any time by providing notice in accordance with employment standards and the common law, or payment in lieu thereof.

Clay McCreery has an employment agreement with the Corporation that allows Vecima to terminate his employment without cause at any time by providing salary continuation for a period of six (6) months.

Dan Gledhill has an "at will" employment agreement that allows the Corporation to terminate without cause at any time.

Osama Nakamura has an employment agreement that allows the Corporation to terminate his employment without cause at any time by providing notice in accordance with the employment standards and common law of Japan.

In addition to the foregoing, the Corporation's Stock Option Plan provides that immediately after the occurrence of a "Change of Control Event", all outstanding options that have not vested shall immediately vest. A "Change of Control Event" means the entry by the Corporation into an agreement with respect to a reorganization, merger, amalgamation or other combination, the completion of which would result in a change of control (any person directly becoming the owner of more than 50% of the voting shares of the Corporation), a formal bid the completion of which would result in a change of control, and the determination by the Board of Directors that a change of control has occurred. If a "Change of Control Event" occurred on June 30, 2018, the NEOs would receive the following benefits pursuant to options granted to them under the Stock Option Plan.

Name	Benefit ⁽¹⁾
Sumit Kumar	\$ 0
John Hanna	\$ 0
Clay McCreery	\$ 0
Dan Gledhill	\$ 0
Osamu Nakamura	\$ 0

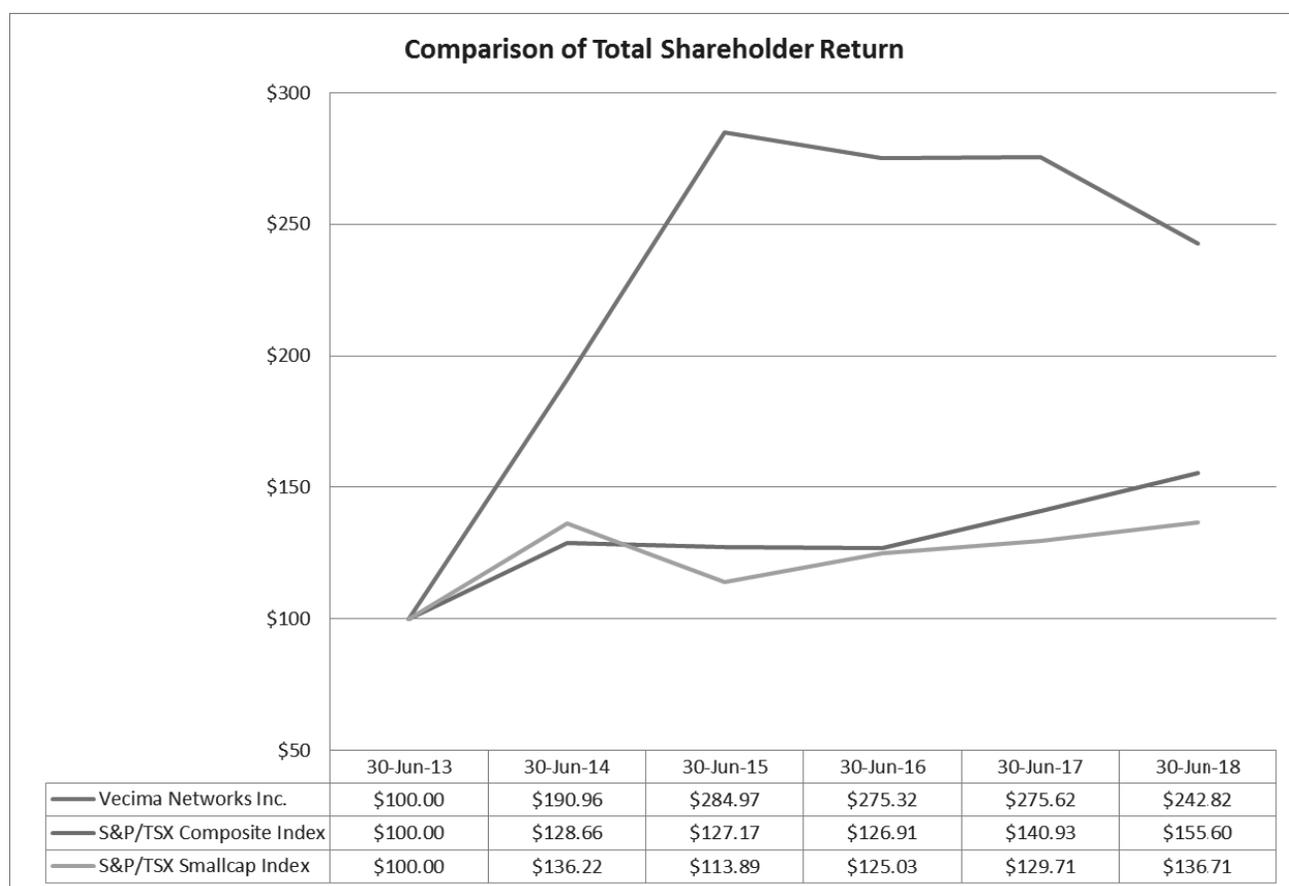

NOTE:

(1) Aggregate amount based on the difference between the closing market price of the Shares on the Toronto Stock Exchange on June 30, 2018, being \$8.65, and the exercise price of the options for which vesting is accelerated as a result of a "Change of Control Event".

Except as described above, there are no contracts, agreements, plans or arrangements that provide for payments to a NEO at, following or in connection with any termination (whether voluntary, involuntary or constructive), resignation, retirement, a change in control of the Corporation or its subsidiaries or a change in a NEO's responsibilities (excluding perquisites and other personal benefits if the aggregate of this compensation is less than \$50,000).

PERFORMANCE GRAPH

The Corporation has not included market price targets of the common shares as a component of its annual cash contributions.

- align the interests of the Corporation and those individuals who share primary responsibility for the management, growth and protection of the business of the Corporation;
- recognize the contributions made by certain individuals to the Corporation's growth and development;
- furnish an incentive to eligible participants to continue providing their services to the Corporation and its affiliates; and
- provide a means through which the Corporation and its affiliates may attract qualified persons to engage as consultants, officers, directors and employees.

The Stock Option Plan is administered by the Board of Directors, which includes any committee of the Board of Directors authorised to act with respect to the Stock Option Plan. The Board of Directors have authorized the Corporate Governance and Compensation Committee to act in respect of the Stock Option Plan. In the summary below, references to the Board of Directors refers to the Corporate Governance and Compensation Committee.

The following is a summary of certain features of the Corporation's Stock Option Plan:

Eligible participants - directors, officers, employees and consultants of the Corporation or any affiliate of the Corporation, or a trustee, custodian or administrator acting on behalf of such a person, or company controlled by such a person or a RRSP or RRIF of such a person are eligible to participate in the Stock Option Plan (a "Participant").

Number of shares available for grant - The maximum number of Shares that may be issued under the Stock Option Plan is equal to 10% of the Corporation's Shares outstanding, less the aggregate number of Shares reserved for issuance under any previously established share compensation arrangement.

Maximum number of shares issuable to participants - The maximum aggregate number of Shares, which may, at any time, be:

- reserved for issuance pursuant to options granted to insiders under the Stock Option Plan is 10% of the Shares outstanding less the aggregate number of Shares reserved for issuance to insiders under any share compensation arrangement;
- issued to insiders under the Stock Option Plan and any other share compensation arrangement within a one-year period is 10% of the Shares outstanding;
- issued to any one insider (and such insider's associates) under the Stock Option Plan and any other share compensation arrangement within a one-year period is 5% of the Shares outstanding; and
- reserved for issuance to any one person pursuant to options granted under the Stock Option Plan and under any other share compensation arrangement are 5% of the Shares outstanding.

Vesting of options - Unless otherwise specified by the Board of Directors at the time of granting an option, 25% of the shares issuable under an option vest on the first anniversary of the date of grant, and one-twelfth of the balance vest at the end of each of the next 12 fiscal quarters. In addition, the Board of Directors has the right to accelerate the date upon which any option is exercisable.

Term - The term of options is determined by the Board of Directors, but may not exceed 10 years from the date of grant. The Board of Directors have generally granted options that have a term of six years.

Treatment of Options on Termination of Employment - Unless the Board of Directors determines otherwise, if a Participant's employment or position is terminated for any reason other than for cause, death, disability, or retirement, any option held by such Participant shall terminate, except that such option may be exercised for the lesser of 90 days or the balance of such option's term.

Treatment of Options on Termination for Cause - Unless the Board of Directors determines otherwise, if a Participant's employment or position is terminated for cause, any option held by such Participant shall thereupon terminate.

Treatment of options on death, disability, or retirement - Unless the Board of Directors determines otherwise, if a Participant's employment is terminated by reason of death, disability, or retirement, any option held by such Participant may thereafter be exercised for a period of 365 days (or such other period as the Board of Directors may specify) from the event or until expiration of the option, whatever period is the shorter.

Treatment of options on a change of control - Immediately after the occurrence of a "Change of Control Event", all outstanding options that have not vested immediately vest and become exercisable in full. A "Change of Control Event" is defined in the Stock Option Plan as:

- (1) the entry by the Corporation into an agreement with respect to a reorganization, merger, amalgamation or other combination, the completion of which would result in a "Change of Control";
- (2) a "formal bid" (as defined in the *Securities Act* (Ontario)), the completion of which would result in a "Change of Control"; and
- (3) the determination by the Board of Directors that a "Change of Control" has occurred, other than pursuant to subparagraph (1) or (2) above.

For the purpose of the Stock Option Plan, a "Change of Control" means when any person directly becomes the owner of more than 50% of the voting shares of the Corporation.

Non-transferable - Options are not be transferable or assignable by the Participant other than by shall or the laws of descent and distribution, and are exercisable during the lifetime of a Participant only by the Participant and after death only by the Participant's personal representative, heirs or administrators.

Financial assistance - There is no financial assistance provided by the Corporation to exercise options granted under the Stock Option Plan. No Shares may be issued until full payment has been made and a Participant has none of the rights of a Shareholder of the Corporation in respect of the Shares subject to an option until such Shares have been taken up, paid for in full and issued to him or her.

Cash payout- In lieu of exercising an Option by delivery of the Exercise Notice along with payment of the Exercise Price, the Board may elect, with the written consent of the affected Participant, that the Option to be exercised by such Participant instead be cancelled and that such Participant receive, in lieu of the Common Shares issuable upon such exercise, a cash amount equal to the excess of the fair market value per Common Share that may be purchased under the Option being exercised over the corresponding Exercise Price multiplied by the total number of Common Shares issuable for such Option being exercised at such Exercise Price, less applicable withholdings.

Blackout period – If an option expires within a self-imposed trading blackout period adopted by the Corporation preventing executive officers, directors, and employees from trading Shares or exercising options, the expiry date shall be the date that is 10 business days after the expiry of the blackout period.

Amendment provisions – Shareholder approval to amend the Stock Option Plan or an outstanding option shall be required in circumstances where an amendment to the Stock Option Plan or an outstanding option would:

- reduce the exercise price of an option held by an insider of the Corporation;
- extend the term of an option held by an insider beyond the original expiration date (subject to such date being automatically extended as the result of the expiration date falling within a black-out period); or
- increase the fixed maximum percentage of Shares that may be issued pursuant to the Stock Option Plan.

The Board of Directors has the right to amend the Stock Option Plan or any outstanding option without Shareholder approval to make any of the following changes:

- amending the time or times that the Shares subject to each option shall become purchasable by a Participant, including accelerating the vesting terms, if any, applicable to an option or to amend the vesting provisions of the Stock Option Plan;
- amending the process by which a Participant who wishes to exercise his or her option can do so, including the required form of payment for the Shares being purchased, the form of exercise notice and the place where such payments and notices must be delivered;
- reducing the exercise price or extending the term of an option, other than an option held by an insider of the Corporation;
- amending the terms of the Stock Option Plan relating to the effect of termination, cessation or death, of a Participant on the right to exercise options (including options held by an insider of the Corporation);
- making any amendments of a typographical, grammatical or clerical nature; and
- making any amendments necessary to bring the Stock Option Plan into compliance with applicable securities and corporate laws and the rules and policies of the Toronto Stock Exchange.

Approval by Shareholders – In accordance with the rules of the Toronto Stock Exchange, the continuance of the Stock Option Plan must be approved by Shareholders at least every three years. The Stock Option Plan was last approved by Shareholders on November 27, 2017.

APPENDIX A - STATEMENT OF CORPORATE GOVERNANCE PRACTICES

Corporate governance is the process and structure used to direct and manage the business and affairs of an issuer with the objective of enhancing value for its shareowners. National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“NI 58-101”) of the Canadian Securities Administrators requires the Corporation to disclose in this Information Circular its system of corporate governance.

COMPOSITION OF THE BOARD OF DIRECTORS

Independence

The Board of Directors of the Corporation consists of six directors, three of whom are independent directors as defined in NI 58-101, meaning that, in each case, he has no direct or indirect relationship with the Corporation which could, in the view of the Board of Directors, reasonably be expected to interfere with the exercise of his independent judgement, and is not otherwise deemed not to be independent. Applying the criteria in NI 58-101, each of T. Kent Elliott, Danial Faizullahoy, and Ben Colabrese is an independent director. Neither Surinder Kumar nor Sumit Kumar are considered to be independent, on the basis that they were executive officers of the Corporation within the last three years.

The Chair of the Board of Directors, Dr. Surinder Kumar, is not an independent director. The Lead Independent Director performs the following functions:

Enhancing Board Effectiveness	Liaison Between Board and Management and Among Directors
<ul style="list-style-type: none">• Work with the Chair and Corporate Secretary to ensure the Board of Directors has adequate resources• Review the procedures in place to allow the Board of Directors to work effectively and to function independently from management• Provide input to the Chair and Corporate Secretary on the preparation of agendas for Board of Directors and Committee meetings• Ensure there is a process to implement best practices which relate to the responsibilities of the Board of Directors• Chair Board of Directors meetings when the Chair is unavailable• Maintain a close and collaborative relationship with the Chair• Assist in orienting and integrating new directors to the Board of Directors	<ul style="list-style-type: none">• In association with regularly scheduled Board of Directors meetings, chair meetings of independent directors to discuss issues relating to the Corporation’s business without the presence of management or non-independent directors• Communicate with the Chair and the entire Board of Directors, as appropriate, the results of private discussions among independent directors or the results of meetings of the independent directors• Act as a communication channel among the directors and between directors and the Chair in respect of issues not readily or easily discussed in a formal setting• Ensure that the Board of Directors understands and maintains the boundaries between Board of Directors and management responsibilities

The independent members of the Board of Directors believe that the appointment of a Lead Independent Director, together with their majority on the Board of Directors, their sophistication and their knowledge of the Corporation’s business, are sufficient to facilitate the functioning of the Board of Directors independently of management and in a manner that fairly represents the interests of minority shareholders, and to provide for open and candid discussion among the independent directors.

When warranted, the independent directors hold meetings without the non-independent directors and other members of management in attendance and are able to hold such meetings whenever they wish. The Lead Independent Director chairs these sessions and informs management of the matters discussed to the extent that action on them is required. In the fiscal year ended June 30, 2018, the independent directors held several such meetings. In addition, at each board meeting, the independent directors meet in camera providing the opportunity for open and candid discussion among the independent directors without non-independent directors and members of management present.

Attendance

Additional information on each of the directors is found in this Information Circular under the heading “Business of the Meeting – Election of the Board of Directors”, including a record of each director’s attendance record at Board of Directors and committee meetings held during the fiscal year ended June 30, 2018.

Other Directorships

None of the directors of the Corporation are directors of other issuers that are reporting issuers (or equivalent) in Canada or elsewhere.

BOARD OF DIRECTORS MANDATE

The Board of Directors has adopted a written mandate in which it explicitly acknowledges responsibility for its stewardship of the Corporation. The text of the Board of Directors’ written mandate is attached to this Information Circular as Appendix B.

COMMITTEES OF THE BOARD OF DIRECTORS

The Board of Directors has two standing committees: the Audit Committee and the Corporate Governance and Compensation Committee.

Audit Committee

The Audit Committee currently consists of three directors: T. Kent Elliott, Danial Faizullahoy, and Ben Colabrese, all of whom are independent within the meaning of *National Instrument 52-110 – Audit Committees*. Pursuant to the written charter adopted by the Board of Directors (available on the Corporation’s website at www.vecima.com), the Audit Committee assists the Board of Directors in fulfilling its responsibilities for oversight and supervision of financial and accounting matters. The committee supervises the adequacy of the Corporation’s internal accounting controls and financial reporting practices and procedures and the quality and integrity of its audited and unaudited financial statements, including through discussions with the Corporation’s external auditors. The committee reviews the Corporation’s business plan and operating and capital budgets, and is responsible for ensuring efficient and effective assessment of management of financial risk throughout the Corporation. Following the Meeting the Audit Committee shall be composed of three members being T. Kent Elliott, Danial Faizullahoy, and Ben Colabrese. All of the audit members of the Audit Committee are “independent” directors within the meaning of *National Instrument 52-110 – Audit Committees*.

Further information relating to the Audit Committee is provided under the heading “Audit Committee Information” in the Corporation’s Annual Information Form dated September 25, 2017.

Corporate Governance and Compensation Committee

The Corporate Governance and Compensation Committee currently consists of three directors: T. Kent Elliott, Danial Faizullahoy, and Ben Colabrese. All members are “independent” within the meaning of *National Instrument 52-110 – Audit Committees*. The Board of Directors believes that the appointment of an independent director as chair of the committee and the composition of the committee, all of the members of which are independent directors, promotes an objective process to oversee compensation and governance matters. Following the Meeting, the Corporate Governance and Compensation Committee shall be composed of three members being T. Kent Elliott, Danial Faizullahoy, and Ben Colabrese- all are “independent” directors within the meaning of *National Instrument 52-110 – Audit Committees*.

Pursuant to the written charter adopted by the Board of Directors (available on the Corporation’s website at www.vecima.com), the Corporate Governance and Compensation Committee is responsible for developing the Corporation’s approach to corporate governance issues and advising the Board of Directors on filling vacancies on the Board of Directors. In addition, it periodically reviews the size, composition and compensation of the Board of Directors, the effectiveness of the Board of Directors and its members, and appropriate committee structures, mandates, composition, membership and effectiveness. The committee is responsible for succession planning in respect of the Chief Executive Officer. It also reviews the Chief Executive Officer’s goals and objectives at the start of each year, and provides an appraisal of the Chief Executive Officer’s performance for the most recently completed year.

The Corporate Governance and Compensation Committee also fulfils the compensation review function to ensure that the Corporation has a compensation plan that is competitive, motivating and rewarding for participants. Further information

relating to the Compensation oversight function of the Corporate Governance and Compensation Committee, including the process by which the Board of Directors is involved in determining compensation for the Corporation's directors and officers, is provided in the Information Circular under the heading "Compensation Discussion and Analysis".

POSITION DESCRIPTIONS FOR THE CHAIR AND CEO

The Board of Directors has adopted a written position description for the Chair of the Board of Directors, but has not adopted written descriptions for the Chair of the Audit Committee or of the Corporate Governance and Compensation Committee. The roles and responsibilities of the Chair of the Audit Committee and the Corporate Governance and Compensation Committee are to implement the mandate of each committee. The Board of Directors has adopted a written position description for the Chief Executive Officer.

DIRECTOR ORIENTATION AND CONTINUING EDUCATION

The Corporate Governance and Compensation Committee is responsible for assisting management with the orientation program for new members of the Board of Directors and the education program for all members of the Board of Directors.

The Corporation has a variety of orientation and education programs in place for current and new directors to ensure directors understand their role and the role of the Board of Directors and its committees, as well as, the nature and operations of the Corporation's business. All new directors receive a Board of Directors reference manual containing a record of historical public information about the Corporation, as well as the mandates of the Board of Directors and its committees, and other relevant corporate and business information. New directors also meet with the lead independent director, the Chief Executive Officer and the Chief Financial Officer. Senior management makes regular presentations to the Board of Directors on the main areas of the Corporation's business.

The Board of Directors encourages directors to participate at the Corporation's expense in continuing education opportunities in order to ensure that the directors may maintain or enhance the skills necessary to meet their obligations as directors, and maintain a current and thorough understanding of the Corporation's business.

The Corporation typically holds an annual retreat at which members of the Board of Directors meet with senior management to discuss items such as the Corporation's business, technology, products, services, competitive environment and strategy as well as the roles and responsibilities of the Board of Directors and senior management regarding oversight of items such as strategic direction, risk management, and financial reporting.

ETHICAL BUSINESS CONDUCT

The Board of Directors has adopted a written code of business conduct and ethics ("Code of Conduct"). A copy of the Code of Business Conduct and Ethics is available on the Corporation's website at www.vecima.com or SEDAR at www.sedar.com.

The Corporation regards maintaining a culture of ethical business conduct as critically important. The Board of Directors is responsible for monitoring the Code of Conduct and requires management to assume responsibility for the conduct of those who report to them. This means ensuring that the Code of Conduct is clearly communicated, leading by example, establishing and maintaining controls designed to prevent or detect breaches, appropriately investigating situations which may indicate a breach and dealing appropriately with known breaches. All known or suspected breaches of the Code of Conduct are required to be reported to the Corporate Secretary of the Corporation.

The Code of Conduct requires all directors, officers and employees of the Corporation and its subsidiaries to not have any private interests that interfere or conflict in any way with the interests of the Corporation, or impair, or could be perceived to impair, such person's business judgment. Each director is required to inform the Corporate Governance and Compensation Committee of any conflict of interest he or she may have with the Corporation. If a director has a personal interest in a matter before the Board of Directors or a committee, he or she must not participate in any vote on the matter except where the Board of Directors or committee has expressly determined that it is appropriate for him or her to do so.

Insider Trading

The Corporation has adopted an Insider Trading Policy to educate and guide employees on their legal obligations surrounding the use of material, non-public information and on trading in its Shares... A copy of the policy is available on the Corporation's website at www.vecima.com.

Corporate Disclosure

The Corporation has implemented a Confidentiality and Disclosure of Information Policy to educate and guide employees on their legal obligations surrounding the disclosure of confidential corporate information. A copy of the policy is available on the Corporation's website at www.vecima.com.

NOMINATION OF DIRECTORS

The Corporate Governance and Compensation Committee is responsible for proposing new nominees to the Board of Directors.

In making recommendations to the Board of Directors, for the nomination of individuals as directors, the Corporate Governance and Compensation Committee considers the competencies and skills that the Board of Directors considers necessary for the Board of Directors, as a whole, to possess. The Committee also considers the competencies and skills that the Board of Directors considers each existing director to possess, the competencies and skills each new nominee would bring to the Board of Directors, and whether or not each new nominee can devote sufficient time and resources to his or her duties as a member of the Board of Directors. The committee may also make recommendations to the Board of Directors with respect to possible director candidates that have the independence and expertise required for effective governance according to applicable regulatory requirements.

BOARD OF DIRECTORS ASSESSMENT

The Corporate Governance and Compensation Committee makes recommendations to the Board of Directors with respect to the establishment and implementation of procedures to review the contribution of individual directors and the effectiveness of the Board of Directors and its committees, including the completion of directors' questionnaires and the dissemination of results to the Board of Directors.

DIRECTOR TERM LIMITS AND OTHER MECHANISMS OF BOARD RENEWAL

The Corporation has not adopted term limits for directors as the Board of Directors believe the imposition of arbitrary term limits may result in an effective director being disqualified and discounts the value of experience and continuity. The Corporate Governance and Compensation Committee is responsible for assessing the effectiveness of the Board of Directors and board renewal is one of the factors the committee utilizes in its evaluation. On an ongoing basis, a balance must be struck between ensuring that there are fresh ideas and viewpoints while not losing the insight, experience and other benefits of continuity contributed by longer serving directors.

DIVERSITY

The Corporate Governance and Compensation Committee of the Board considers the diversity of the Board of Directors, including the level of representation of women, as one of the factors in identifying and nominating candidates for election or re-election to the Board of Directors. The other factors that the committee considers are: the competencies and skills that the Board of Directors considers to be necessary for the Board of Directors, as a whole, to possess; the competencies and skills that the Board of Directors considers each existing director to possess; the competencies and skills each new nominee shall bring to the Board of Directors; and whether each new nominee can devote sufficient time and resources to his or her duties as a member of the Board of Directors.

The Corporation has not adopted a written policy relating to the identification of women directors. The Corporate Governance and Compensation Committee is required to annually evaluate the effectiveness of the Board of Directors and maintain a succession plan. One of the factors that it considers is diversity, including gender diversity. Other factors that the committee takes into consideration are the current strengths, skills and experience on the Board of Directors, any planned retirement dates and the strategic direction of the Corporation. Accordingly, the Board of Directors does not believe a written policy relating solely to the identification of directors based upon gender is necessary.

The Corporation has not adopted a target regarding women on the Board of Directors. Diversity, including gender diversity, is one of the factors that the Corporate Governance and Compensation Committee consider in identifying and nominating candidates for election or re-election to the Board of Directors. The other factors that the committee considers are described above. The Corporate Governance and Compensation Committee believes all of these factors are relevant to ensure high functioning members of the Board of Directors and that establishing targets based upon only gender may disqualify desirable director candidates. None of the directors of the Corporation are currently women.

The Corporation considers diversity in its executive officer positions, including the level of representation of women, as one of the factors in making executive officer appointments. The Corporation also considers the skills and experience necessary for the position. The Corporation has not adopted a target regarding women in executive officer positions of the Corporation. Diversity, including gender diversity, is one of the factors that the Corporation considers in identifying executive officers. The other factors that the Corporation considers are described above. The Corporation believes all of these factors are relevant to ensure appropriate executive officers and that establishing targets based upon only gender may disqualify desirable executive officer candidates. None of the executive officers of the Corporation are currently women.

4. Board Composition

4.1 Board Membership Criteria

The Corporate Governance and Compensation Committee (hereafter also referred to as the "Corporate Governance Committee") is responsible for establishing the competencies and skills that the Board considers to be necessary for the Board, as a whole, to possess, the competencies and skills that the Board considers each existing director to possess, and the competencies and skills each new nominee shall bring to the Board. The Corporate Governance Committee identifies candidates for Board membership based on their character, integrity, judgment and record of achievement and any skills and talents they possess which would add to the Board's decision-making process and enhance the overall management of the business and affairs of the Corporation.

Directors must have sufficient time to carry out their duties and not assume responsibilities that would materially interfere with or be incompatible with Board membership. Directors who change their principal occupation are expected to advise the Corporate Governance Committee and, if determined appropriate by the Corporate Governance Committee, resign from the Board.

4.2 Director Independence

The Board believes that, except during periods of temporary vacancies, not less than half of its members should be Independent Directors.

In all cases, the determination of whether a director is independent must be made by the Board in accordance with applicable securities laws and stock exchange rules. Generally, an Independent Director means a director who has no direct or indirect material relationship with the Corporation. For these purposes, "material relationship" means a relationship which could, in the view of the Board, reasonably interfere with the exercise of a member's independent judgment.

In making a determination regarding a director's independence, the Board shall consider all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships and such other criteria as the Board may determine from time to time.

The Board shall review the independence of all directors on an annual basis and shall disclose its determinations annually. To facilitate this review, directors shall be asked to provide the Board with full information regarding their business and other relationships with the Corporation and its affiliates and with senior management and their affiliates. Directors have an ongoing obligation to inform the Board of any material changes in their circumstances or relationships, which may affect the Board's determination as to their independence.

4.6 Service on Other Boards and Audit Committees

The Board does not believe that its members should be prohibited from serving on the boards of other public companies so long as these commitments do not materially interfere with, and are compatible with their ability to fulfill their duties as a member of the Board. Directors must advise the Chair in advance of accepting an invitation to serve on the board of another public company.

5. Delegation to Management

The Board has delegated financial authority to the Chief Executive Officer (who may sub-delegate such authority to others within the Corporation as appropriate) for approval of expenditures, all of which must be made within the framework of the strategic plan of the Corporation approved by the Board.
